

# Glutathione Plus

## Setting the Benchmark for Glutathione Absorption\*

- 2.5 times more bioavailable\*
- Powerful support for immune health\*
- Helps maintain cognitive health\*
- Supports detoxification within the body\*
- Encourages a healthy gut lining\*
- Promotes energy and vitality\*

Glutathione is the body's master antioxidant and it plays an important role in maintaining cellular health.\*<sup>1,2</sup> Until now, standard glutathione supplements were easily broken down and poorly absorbed.\* That's why DaVinci® Laboratories created Glutathione with Provail®, a glutathione supplement with 2.5 times better bioavailability than the leading competitor.\* It works fast, helps to maintain your immune system, soothes your digestive tract, and helps you think clearly.\*

## A Revolutionary Glutathione Supplement

Glutathione with Provail® works better, faster, and goes deeper than regular glutathione with its impressive bioavailability-boosting technology.\* Provail® is a structurally changed, ultra-small whey protein matrix, similar to the size of casein micelles (or protein-mineral clusters) in milk. This polymerized whey protein matrix coats the glutathione to help maintain its structure as it travels through the gastrointestinal tract.\* Think of this specialized whey protein as an envelope that contains a nutrient inside of it—namely glutathione. When the protective envelope arrives in the small intestine, it opens up and releases glutathione for maximum absorption.\*

A 2021 animal study published in *Molecules* by Zhang and colleagues showed that Glutathione with Provail® was absorbed 2.5 times better, raised blood and tissue levels of glutathione, and boosted blood antioxidant activity more than the leading brand of glutathione.\*<sup>2</sup> It's so powerful that you only need 200 mg compared to 500 mg of standard glutathione.\*<sup>2</sup>

In synergy with glutathione, the whey protein in Provail® supports musculoskeletal health, a strong gut lining, the removal of unwanted substances,<sup>3,4</sup> firm and flexible arteries,<sup>5</sup> and cognitive function.\*<sup>5,6</sup>

DaVinci® Laboratories' innovative glutathione delivery system has another advantage: it is a pure, clean, simple supplement.\* Whey protein, glutathione, cellulose, and leucine are the only ingredients. Glutathione with Provail® does not contain the carriers and inactive ingredients found in other glutathione supplements. Glutathione with Provail® is free of hormones and gluten.

## Boost the Gut-Immune System with a More Bioavailable Glutathione\*

Glutathione with Provail® supports a strong immune system<sup>1,3,4</sup> and digestive system.\* As an antioxidant,<sup>1</sup> glutathione soothes the intestinal lining and supports a healthy inflammatory response.\*<sup>7</sup> This supports immune imbalance throughout the body and helps to promote a healthy gut lining and intestines.\*

## Think More Clearly and Stay Focused\*

Higher levels of glutathione in the brain are linked to normal neuron levels and a healthy aging process.\*<sup>8</sup> Keeping your glutathione levels optimal means you're less likely to forget where you put your car keys.\* Glutathione also can help kids and adolescents stay focused due to its important role in children's brain health.\*<sup>9,1</sup>

## Glutathione with Provail® is Recommended for:

- Better, faster, and deeper glutathione delivery\*
- Promoting a balanced immune system\*
- Brain health and cognitive function\*
- Helping to maintain concentration and focus\*
- Supporting healthy gastrointestinal function\*
- Heavy metal exposures\*
- Healthy aging and vitality\*

## Supplement Facts

### Serving Size: 1 Capsule

### Amount Per Serving

L-Glutathione (from Provail®)

Whey Encapsulated L-Glutathione (Reduced)

200 mg

Other ingredients: hypromellose (capsule), microcrystalline cellulose, vegetarian leucine.

## Contains: Milk.

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.

**Suggested Use:** As a dietary supplement, take 1 capsule daily, or as directed by your healthcare practitioner.
