500 MGS

BENEFITS

- ✓ Supports the production of NAD+, & enhances cellular energy metabolism
- ✓ Promotes healthy aging by supporting cellular repair
- ✓ May contribute to brain health by promoting neuroprotective mechanisms
- ✓ Improved metabolic function, aiding in the regulation of glucose and lipid metabolism
- ✓ May benefit heart health by promoting vascular function and improving overall cardiovascular resilience
- ✓ Supports cellular repair processes, potentially extending cellular lifespan and contributing to longevity

Nicotinamide mononucleotide (NMN) is one of the main precursors of NAD+ and plays a crucial role in healthy aging. Benefits in the central nervous system, vascular, liver function, and cellular health.

SUPPLEMENT FACTS

Serving Size: 1 Capsule | Servings Per Container 60

Amount Per Serving	%DV
NMN (β-Nicotinamide Mononucleotide)	500mg *

***Daily Value Not Established**

Other ingredients: Vegetable Capsule (Hypromellose), Rice Flour, Magnesium Stearate, Silicon Dioxide.
